

**TOWN OF HURON**  
**Proposed Local Law No. 6**  
**of the Year 2012**

**A Local Law to Impose a Moratorium on**  
**Natural Gas and Petroleum**  
**Exploration and Extraction Activities**

Be it enacted by the Town Board of the Town of Huron as follows:

**Section 1. Title.**

This Local Law shall be known as the “Moratorium on Natural Gas and Petroleum Exploration and Extraction Activities.”

**Section 2. Authority and Intent; Findings; Purpose.**

- a. Authority and Intent.** This Local Law is intended to be consistent with and is adopted pursuant to the authority to enact zoning laws granted to the Town under the New York State Constitution, and the laws of the State of New York, including but not limited to the following authorities: New York State Constitution Article IX, §§2(c)(ii)(10); Municipal Home Rule Law §10; Statute of Local Governments §10; and Town Law §§ 264 and 265.
- b. Findings of Fact.** The Town Board makes the following Findings of Fact relating to this Local Law:

  1. Huron is a community that takes great pride in and assigns great value to its rural residential character, small-town atmosphere, fine agricultural lands, beautiful waterfront, bays and other waters, and cultural, recreational, scenic and other natural resources. Huron attracts a significant number of visitors and summer residents.
  2. Many residents are dependent upon aquifers and wells for drinking water; maintaining the quality of water resources within the Town is critical to protecting the natural environment of the Town, the general health and welfare of Town residents, and the local economy.
  3. Preservation of the Town's irreplaceable recreational and scenic sites, high-quality agricultural land, waterfront, air quality and water quality, and priceless and unique character, is of significant value to the inhabitants of the Town and to the people who visit the Town.
  4. The Town's rich natural environment is a valuable asset that creates a sense of identity and well-being for residents of the area. Preserving and protecting

the scenic, recreational, other natural resources and aesthetics of the Town is important for both a healthy environment and vibrant economy.

5. Allowing the activities prohibited by Section 4 of this Local Law without first obtaining more education and information may impair the existing character of the Town, because by their nature, such activities may have the potential to produce a combination of negative impacts upon the environment and people living in or in proximity to the communities in which they are located. Negative impacts suggested to be associated with those activities include, without limitation, traffic, noise, vibrations, fumes, damage to roadways, degradation of water quality, degradation of air quality, damage to and loss of agricultural lands and soils, damage to and loss of open space, natural areas, and scenic views, decreased recreational opportunities, and loss of tourism.
6. During the effectiveness of this Local Law, the Town Board can study the activities prohibited by Section 4 of this Local Law and determine whether to amend the Town Zoning Law to permanently prohibit those activities in portions, or all, of the Town.

- c. Purpose.** The purpose of this Local Law is to enable the Town to stay any and all of the activities prohibited by Section 4 of this Local Law, and all Town-level approvals relating to those activities for a period of twelve (12) months in order to provide the Town time to study the impacts, effects, and possible zoning controls over such activities, and to consider amendments to the Town's zoning laws to appropriately address the same within the confines of New York State law. The Town Board believes that a twelve-month moratorium after the effective date of this Local Law, coupled with the mechanism for use variances already contained in the Town Zoning Law, will achieve an appropriate balancing of interests between the need to safeguard the character and other resources of the Town and the health, safety and general welfare of its residents, and the rights of individual property owners or businesses desiring to conduct such activities during that period.
