Dear Mr. Gangadharan:

The Virginia Department of Environmental Quality (VADEQ) is joining you in a mutual determination, pursuant to 9 VAC 5-20-220 of Virginia's Regulations for the Control and Abatement of Air Pollution, regarding the shutting down of a source. The Regulations provide that the VADEQ and the owner of a source may make a "mutual determination that a stationary source or emissions unit is shut down permanently."

In execution of this mutual determination of permanent shutdown, C4GT LLC agrees that:

1. A mutual and final determination has been made that the C4GT LLC facility located at 3001 Roxbury Road, Charles City, VA is permanently shut down;
2. C4GT LLC is currently the sole owner, as defined in the Regulations, of the facility;
3. The Stationary Source Permit to Construct and Operate issued for the facility dated April 26, 2018 and the subsequent amendment dated June 4, 2019 are hereby revoked;
4. The VADEQ will remove the facility from the air emission inventory and will consider its air pollutant emissions to be zero in any future air quality analysis to be conducted; and
5. Upon signature of this document by the VADEQ and by C4GT LLC, the air pollution emitting activities at the facility shall cease operations. No future operations shall occur until the owner has obtained a permit pursuant to 9 VAC 5 Chapter 80 of the Regulations. Any use of the facility which might emit air pollution after execution of this document shall be considered equivalent to construction and operation of a new emissions unit and

will subject C4GT LLC to the requirement to obtain a permit pursuant to applicable provisions of 9 VAC 5 Chapter 80 in the Regulations.

6. The permanent shutdown of the facility will become effective upon signature of this document by both parties.
7. The permanent shutdown of the facility is binding upon C4GT LLC, its successors in interest, designees, and assigns, jointly and severally.

By authorized signature below, and in accordance with the Virginia Regulations for the Control and Abatement of Air Pollution, C4GT LLC and the VADEQ, acting on behalf of the State Air Pollution Control Board, mutually determine that the facility is shut down permanently.

Dear Mr. Gangadharan:

Attached is the mutual shutdown determination letter for the C4GT LLC facility located at 3001 Roxbury Road, Charles City, VA. Please have the letter signed and notarized in the areas indicated for the authorized person's signature and return the letter at your earliest convenience. The Department of Environmental Quality will return the completed shutdown and permit rescission letter when signed by the Deputy Regional Director. After signature, the registered facility will be permanently shutdown and removed from the emissions inventory.

If you have any questions, please contact me at (804) 527-5047.

Sincerely,

A handwritten signature in blue ink, appearing to read "JEK", written over a white background.

Subject: Notice of Voluntary Withdrawal for Permit Registration No.: 52588

Mr. Kyle,

C4GT is writing to notify you of its Voluntary Withdrawal of its Prevention of Significant Deterioration Stationary Source Permit to Construct and Operate (Registration No. 52588). We thoroughly enjoyed working with the team at the Piedmont Regional Office and the Central Office of the Virginia Department of Environmental Quality.

Please let us know if you have any further questions on this notice.

Sincerely,

Anand Gangadharan
